

REZA YASA PUTRA

DATA SCIENTIST

+62 831 7893 8753 | prezayasa@gmail.com | www.linkedin.com/in/rezayasaputra |
Padang panjang, West Sumatra

PROFESSIONAL SUMMARY

Bachelor of Informatics (S.Kom.) graduate with specialization in Data Analytics. Certified in Machine Learning (DBS x Dicoding) and currently selected as a Data Analyst Intern at Bank BSI Head Office through the Kemnaker Maganghub program. Skilled in leveraging Python, SQL, modern frameworks, and data visualization to generate strategic insights. Experienced in building classification models and sentiment analysis to optimize business decision-making.

EDUCATION

Universitas Negeri Padang | *BSc (S.Kom) in Informatics* Aug 2022 -Jun 2026

- **Cumulative GPA** : 3.76 out of 4.00 (Cumlaude)
- **Publication** : Thesis research published in Journal of Authentic Research (SINTA 4 accredited), highlighting advanced computer vision application

RELEVAN PROJECT

Multimodal Deep Learning Screening System (Final Thesis)

- Developed web-based depression screening system integrating questionnaire + facial analysis (Custom CNN/Mini-VGG).
- Deployed client-side inference via TensorFlow.js, mapping 7 emotions to binary risk, achieving 65.28% accuracy on 7,178 images.
- Calibrated model to classify "Neutral" as Safe, reducing false positives.
- Integrated Google Gemini API for personalized psychological first-aid, ensuring Zero Data Retention.

EXPERIENCE

Data Analyst (Kemnaker Maganghub) - Bank Syariah Indonesia (BSI) – Head Office | Jakarta. Aug 2026 - Present

- Built and maintained interactive dashboards (Power BI, Excel) to monitor Bewize B2B operations.
- Tracked 25,500+ CMS issues across regions, enabling ~98% resolution rate.
- Monitored SDLC & SLA of 150+ B2B integration projects (API, MT940, Automatic Uploads).
- Analyzed 600+ team activities and evaluated MoM growth in registrations and transactions.

Data Analyst & IT Support – Institut Pemerintahan Dalam Negeri (IPDN) Jul 2025- Des 2025

- Cleaned and processed student and faculty data using Advanced Excel (PivotTables), generating monthly reports that accelerated the academic reporting process by 30%.
- Developed a public sentiment analysis dashboard using IndoBERT (>90% accuracy), analyzing over 5,000 cross platform comments to identify real-time trends and feedback.
- Managed IT infrastructure during state events, ensuring zero downtime and seamless execution of national protocols.

Machine Learning Trainee – Dicoding Indonesia x DBS Foundation Jan 2025 - Jun 2025

- Achieved 96/100 in capstone project, developing end-to-end ML application.
- Built predictive models (classification, NLP, computer vision) with accuracy up to 85%+.
- Conducted data analysis with Python & SQL, delivering actionable insights from large datasets.
- Applied teamwork, communication, and problem-solving skills in collaborative projects.

Digital Marketing Intern – APINDO (MSIB independent campus program) Sep 2024 - des 2024

- Launched e-commerce storefronts (Shopee, TikTok Shop, Tokopedia) and social media campaigns, securing initial online sales, 200+ new followers, and thousands of organic views.
- Trained SME owners in live-streaming and product photography, while automating workflows via WhatsApp Business and designing QR-integrated catalogs.
- Optimized operations with dynamic Excel templates for cashflow and inventory, contributing to the SME winning 3rd place in Best Group Award at APINDO/MSIB Program.

Front-End Developer – Border Crossing Space Burneh (BCSB) Aug 2025 - Nov 2025

- Built grid layouts and interactive UI components (content cards, pop-up modals) with Next.js, TypeScript, Tailwind CSS.
- Developed external routing buttons for social networks and directories, ensuring smooth navigation.
- Managed version control via GitHub with 100+ commits, supporting feature updates like dynamic views and API integrations.

ORGANIZATIONAL EXPERIENCE

Staf PSDM &Minat Bakat – HIMANIKA UNP Jan 2024 - Jun 2025

- Organized internal training, extracurricular activities, and work programs to facilitate student talent development.
- Led the bureau inauguration as Chief Executive and effectively coordinated cross-division collaboration for organizational events.

SKILLS

Hard Skills

- Data & AI: Microsoft Excel Machine Learning, Data Visualization, Deep Learning (CNN/TensorFlow.js), NLP.
- Programming : Python, SQL, TypeScript.

Soft Skills

- Analytical Problem Solving, Project Management, Creative Thinking, Attention to Detail.

CERTIFICATIONS

Machine Learning Engineer – Dicoding Indonesia & DBS Foundation Jan 2025 - Jun 2025

- Developed end-to-end ML models in NLP, Predictive Analytics, and Computer Vision, earning a 96/100 capstone score.

HCIA-AI V3.5 – Huawei Talent Online (2024) Des 2024

- Certified in AI fundamentals, machine learning, and deep learning frameworks through official industry assessment.

Intensive Microsoft Excel – Karirnex by PT Ebiz Karisma Internasional (2026) Jun 2026

- Mastered advanced data processing techniques, complex PivotTables, and structured reporting for data analysis.
